PRINCIPAL

Once again the personalities, and achievements of the year are vividly and interestingly recorded in this splendid edition of the SURF. This outstanding Senior class has been responsible for most of the successes, and has provided leadership for another fine school year especially for all the students at Palisades High School. I take special pleasure in extending very best wishes for success and happiness to all the members of the distinguished graduating class of 1980. Keep in touch!

James A. Mercer
Principal

You will remember this year of the Olympics with special pride because of **YOUR** own accomplishments and struggles and competitions. Soon you will have developed endurance and strength, perseverance and courage to use whether you wish to continue your education, go to work, or settle down. Regardless of the direction your future takes, we wish you the greatest happiness and success in your endeavors.

Merle W. Power
Assistant Principal

"Nature does not demand that we be perfect; it only requires that we grow." I am pleased to share this thought with you, the Olympians, my first Senior Class at Palisades High School. The many experiences that you have had during your three years here have helped you to develop and grow. I wish for you health, happiness, success, courage and a continued thirst for knowledge. Many challenges await you in the years to come; meet them with the true Pali spirit. Dream your dreams, broaden your horizons; make the very most of your lives; continue to grow. The future belongs to you!

Mary W. Voiles
Assistant Principal

Congratulations Olympians! You are simultaneously experiencing an ending and a beginning. The ending is, of course, your years at Palisades High School. I hope they have been happy and filled with fond memories. More importantly I hope they have prepared you for what lies ahead. The beginning is the quest for your lifetime career. Whether you are planning to go to college, marry, or enter the job market, plan vigorously for the challenges that lie ahead. Set your goals and then do everything to achieve them. Again congratulations and good luck in whatever you choose to do.

Administrative Dean

DEDICATION

The Yearbook Staffs choice for the 1980 Dedication is Mrs. Mary Redclay, for her unique teaching concepts and ideas.

According to Mrs. Redclay, the basic questions for a dedication have no meaning. The questions which are important are the one's which give the reader an idea of what makes the person happy and enjoy life.

Mrs. Redclay loves traveling, the desert, politics, athletics, spending time with her husband, and spending time with her two daughters, who add a lot of humor to her life. The Redclay family lives a cultural life. They often spend time in the desert or at Pow Wows. Art is very important to Mrs. Redclay for her husband is an actor and artist.

Teachers who have helped Mrs. Redclay are Miss O'Brien, "She helped me become a good teacher," and Mr. Farnham, who "spreads his humor."

Mrs. Redclay's teaching career will stop when she can no longer find anything funny or exciting from her students. "I think that I learn more from them than they do from me."

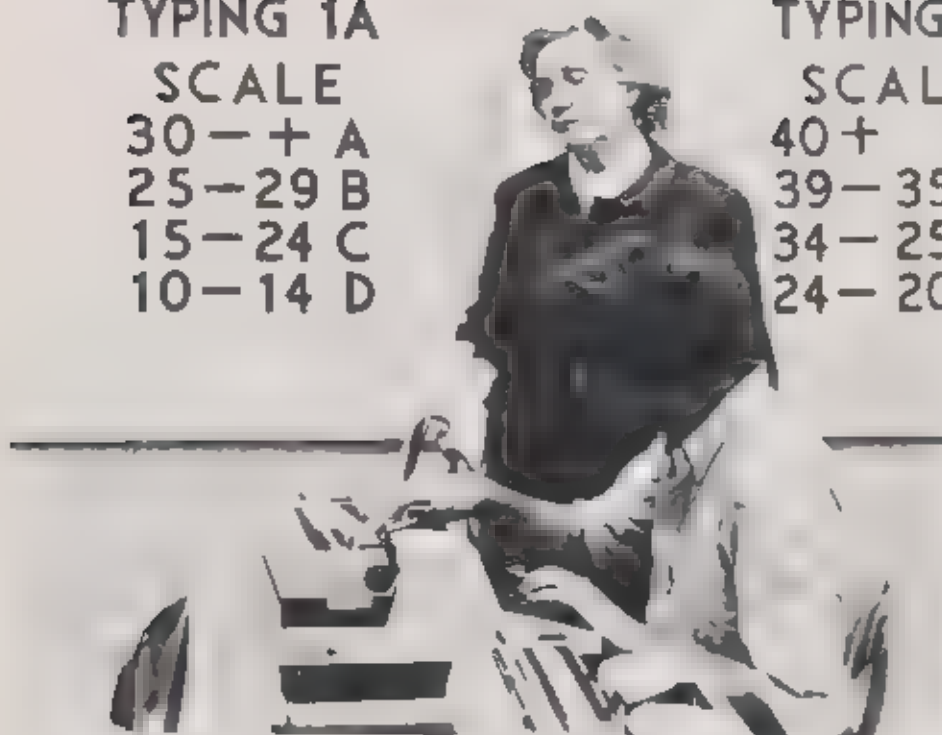

"I don't know what I'll do when I grow up, but I want a baby female goat."

We all love you Mrs. Redclay, and hope that you will continue to teach for many years at Palisades High, and someday have that baby female goat.

PERSON WHO YOU'D MOST LIKE TO MEET IN 10 YEARS David Baer

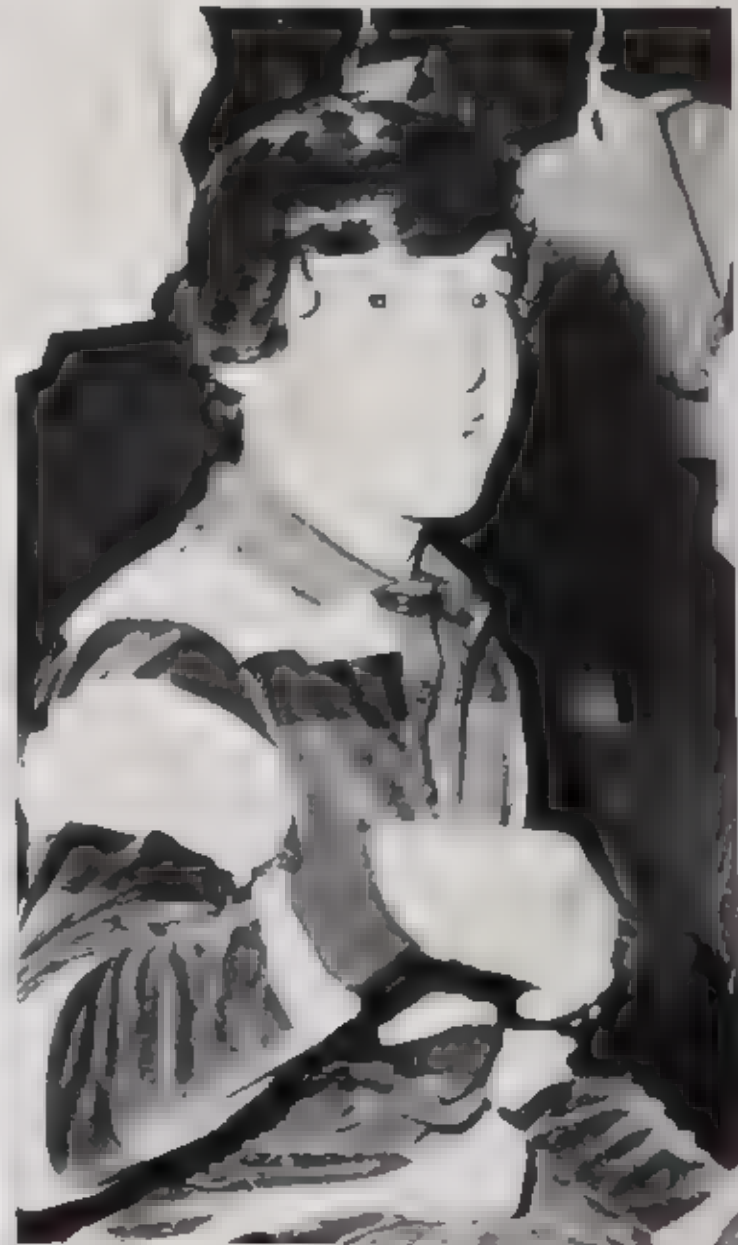

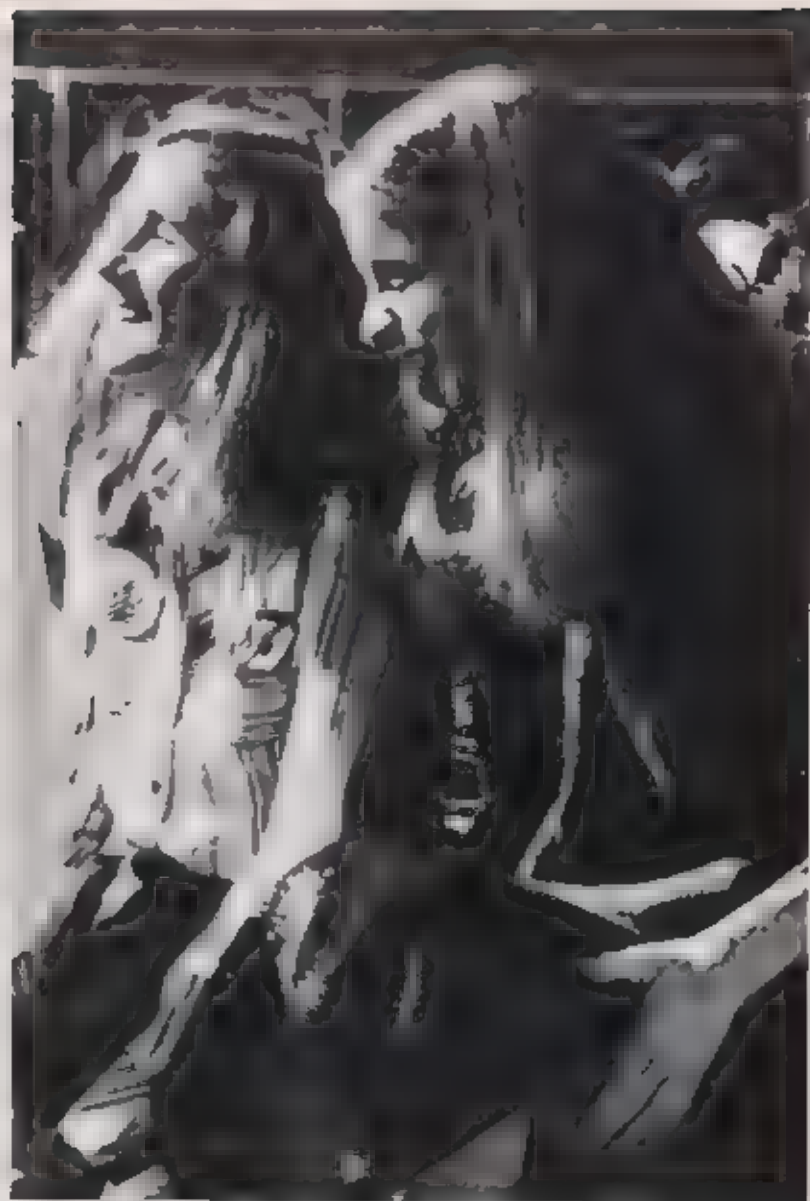

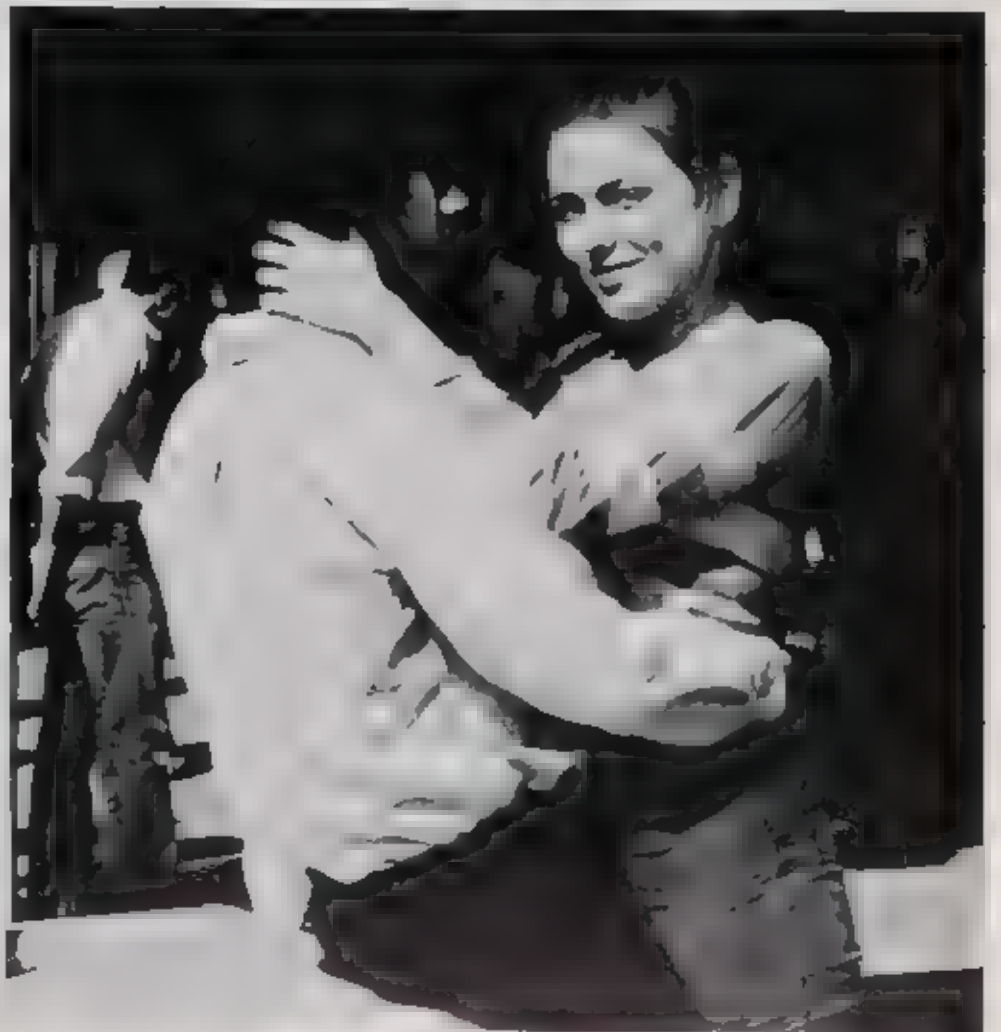

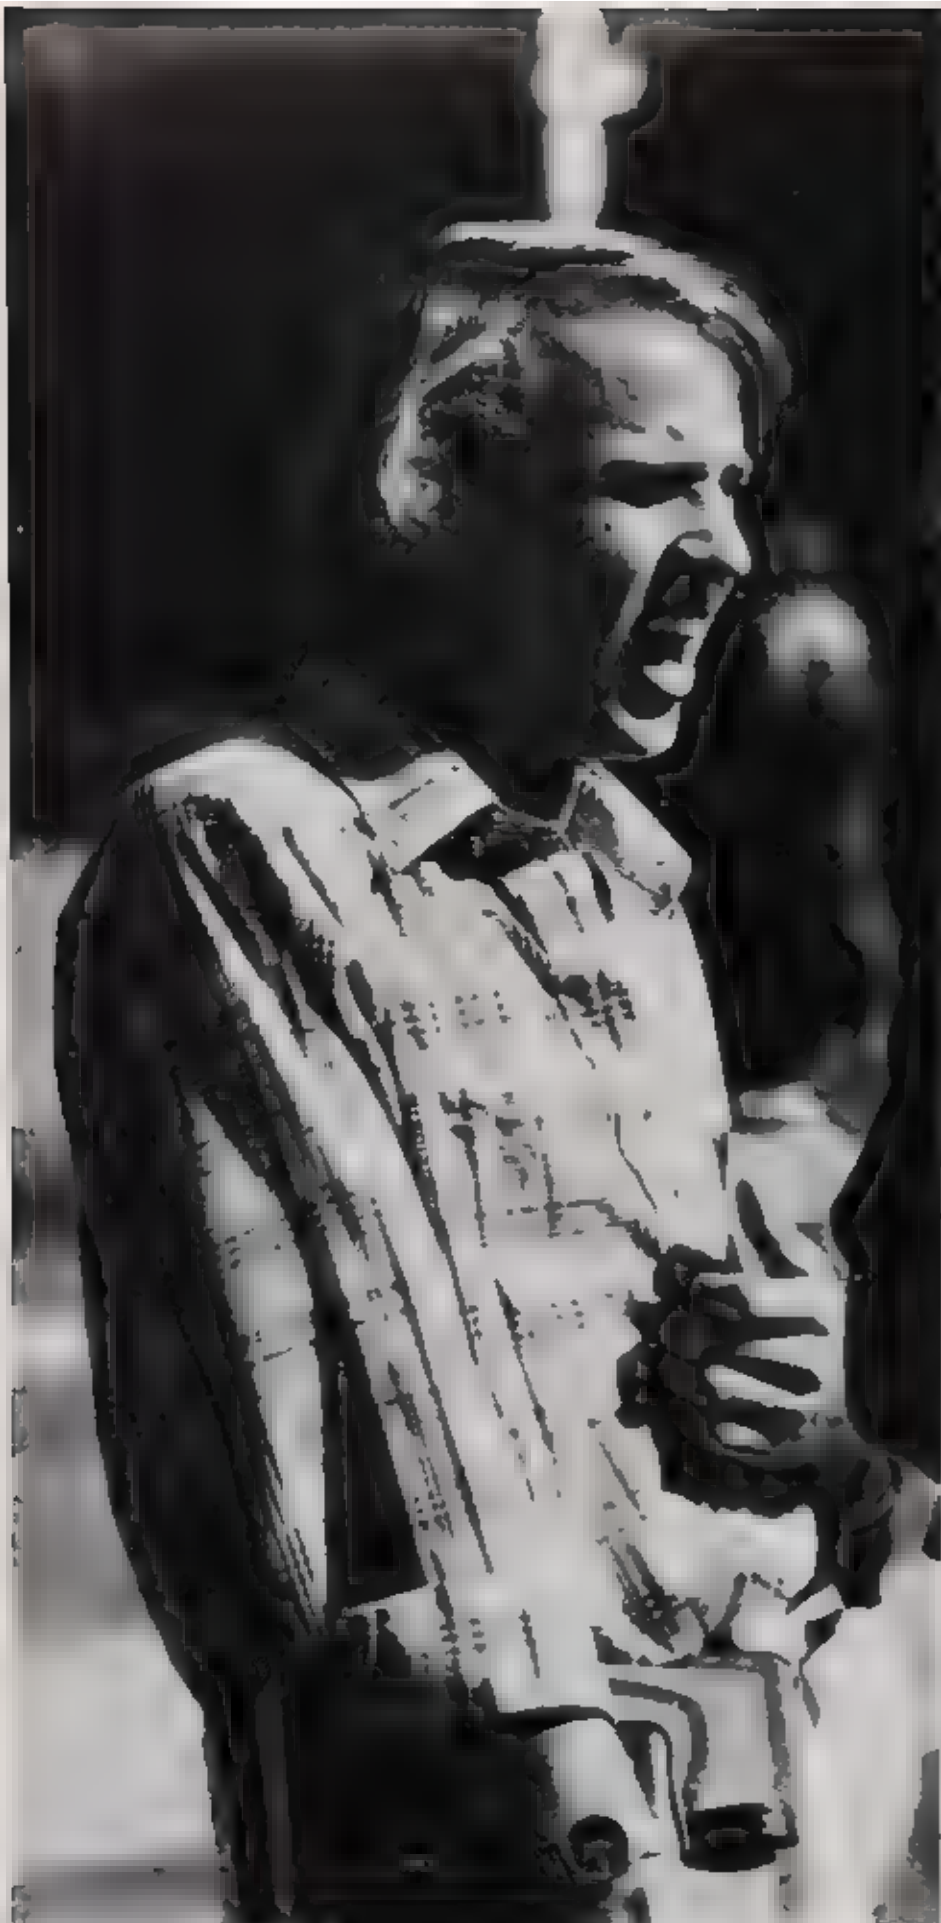

We are the beginning of the 80's
it's a brand new start
for one to find out if they are a whole
or a part.
It's time to recognize the consummation
of the 70's
and visualize the birth of a new decade.
It's a time to bring out your nobility of
mind and spirit,
sing out so that people can hear it!
It's a time to chase your pleasures
and dig your treasures and strive for
the pinnacle of your awareness.
It's a time to strengthen your prowess
and self-sufficiency.
It's a time not to predict the future,
but to create it.
It's a time when thriftiness and
distinction are valued so.
It's a time to let love flow.

HUMAN AWARENESS CAMP

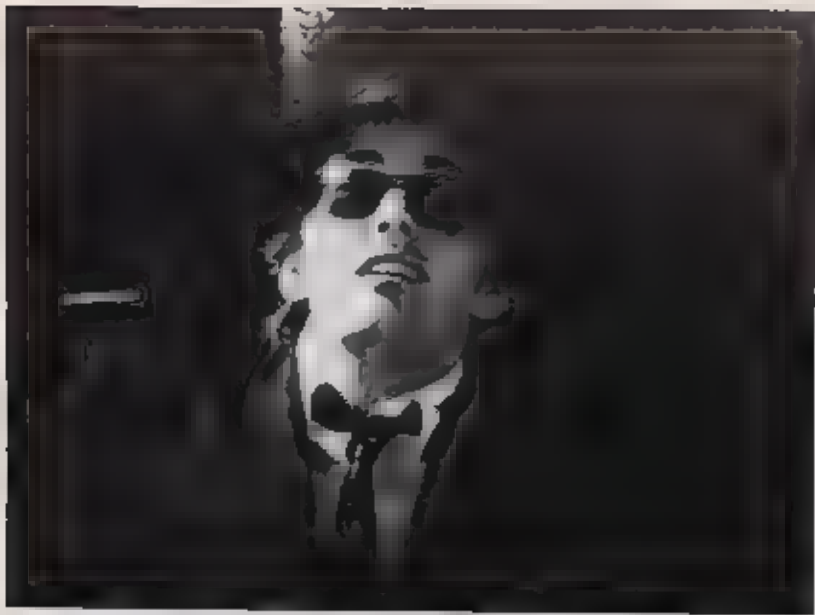

The goals of the Human Awareness Camp are to promote friendship, understanding, and communication between Pali students. For two days students were involved in problem solving and values clarification workshops, discussions on coping with change and developing communications skills, and socializing. The students decided that often students interaction problems arise not from race but from individuals having different values and goals.

The 1980 Boys' tennis team has a lot to live up to. The 1979 team won the western league championship, city championship, state championship, and was ranked #1 in the nation. But it looks like the 1980 edition will live up to the tradition of Palisades tennis excellence. The team is once again ranked #1 in the nation and is favored to win the same honors as last year. Early season victories were: Miraleste (5-2) the #1 ranked team in the CIF and Santa Monica (25-3). Leading team members are: Scott Davis, #1 ranked in the world, John Davis #3 ranked in the U.S., Mark Rifenburg, top ten in So. Cals. Jrs., and Chris Shoop ranked #11 in So. Cals. Boys 16's. This is probably the best team in Palisades history, and noting past achievements that is saying quite a lot.
